

PUBLIC MEETING NOTICE

Summers-Taylor Materials Company - Unicoi Asphalt Plant has applied to the Tennessee Division of Air Pollution Control (TDAPC) for construction of a portable rock crushing and screening operation located at the 320 Bill Garland Road, Unicoi, TN 37692. The permit request is for the construction of Mobriex MR130 impact crusher, Mobiscreen S190 screen, conveyors, and other associated equipment used to process recycled/reclaimed asphalt pavement (RAP), crushed, and screened rock at the same location for asphalt plant operation. Wet suppression would be used for controlling emissions while the source is in operation. There would be physical construction. Regulated air contaminants would be emitted by this source.

Informal Public Meeting Participation Instructions

An informal public meeting will be held by the Tennessee Division of Air Pollution Control (TDAPC) pursuant to TAPCR 1200-03-09-.01(1)(h). The meeting will be held to discuss the technical and regulatory air pollution-related issues concerning the permitting of the rock crusher for crushing rock and reclaimed/recycled asphalt pavement (RAP) used for on-site asphalt plant operation. The meeting will be a question-and-answer format. The meeting will be conducted via video-teleconference at the discretion of TDAPC.

The informal public meeting will be presented by TDAPC, via a Cisco WebEx video-teleconference on **Tuesday, May 10, 2022, at 6:00 p.m. Eastern Daylight Savings Time (EDT)**. The videoconference will open to participants at **5:45 p.m. EDT**. Participants may join by computer online, via the WebEx app, or by phone. Participants are highly encouraged to join by computer online or with the WebEx app in order to view the presentation and other content, which will be shared by TDAPC.
